**It's coming to the end of another season and Winthrop has many teams playing in the finals. Please support all teams and give them the encouragement they need to win.**

**With players participating in the finals, the Club's policy is:**

- **For grades from Junior B downwards, all players must play at least one quarter. The exception is if a player does not turn up to training and doesn't notify the coach or is disruptive at training or at the game then the coach has the discretion not to play that player.**
- **For Junior A and above grades, it is up to the coach as to whether to play all players. If a player does not take the court, it is not a sign that the player is weaker than the others, it could mean that a certain combination works better against the opposition or that the opposition has a player that needs a certain type of player to play against them, eg a tall player. So please if a players does not take the court, be proud of them as they have helped get that team to the finals and that they are a vital part of the team by being supportive during the finals games.**
