Association Carnival

The Smarter than Smoking Association Carnival was held during the long weekend in June 2010. Girls from all clubs within the Fremantle Association are trialed and selected to represent their association by playing a round robin carnival against other netball associations in Western Australia. We had a strong pool of people from our club who were chosen to represent Fremantle as players, coaches, managers and umpires. Have a look at the names and if you see these people at training or at games congratulate them for this wonderful achievement.

Chocolate Drive

Thank you to everyone for being involved in this year's fundraising, whether you made a donation or chose to sell chocolates. For those who are selling the box(es) all money is to be handed to your team managers within 28 days. Our two lovely coordinators, Jenny Wyatt and Abir Roz will then collect the money from team managers. One important note is that you may NOT sell the chocolates at the Fremantle netball court premises, but any where else is fine. Enjoy the experience of running your own business for this short amount of time, and meeting new people. So put on your best smile and enjoy the experience of supporting your club!

Team Photos

This year we request that a parent of a player within the team take the team photo if the team agrees to having a photo. These photos will be printed and distributed at no cost to the players. Coaches will be asking players if they want a team photo and organizing their own setting and photo time. These team photos can be a great tool to remember the good old times playing netball with your team mates, or they can be wonderful for looking back at the younger days (of course when you get older.) They can even be used as a great 21st present so you can embarrass your daughter on her birthday and show all her friends pictures of the younger days when she used to play netball. The uses and benefits of team photos are endless!
