Registrations have now closed, grades have been finalized and team lists have been released on our website. Fixtures have also been released and are available at the FNA website. Thanks must go to those who assisted with grading and team selections, as well as to all our fabulous volunteers who have offered to coach a team (or two!) this season.

Coaches have been allocated to teams, and have hopefully contacted you by now to arrange a training night.

A note to all parents - please remember to come to the courts to collect your daughter in person. This is a policy of the club's risk management plan and is for the protection of us all.

## UMPIRING AND MENTORING

We are always looking for players to help out with umpiring and mentoring. Whether you have umpired before or are looking to start, we will be offering and informing you of both theory and practical information sessions throughout the season, often at no cost to you.

Umpires are paid according to grade and skill and it is a great way to build confidence. If you are interested in umpiring please contact our coordinator, Di Munt, on 0400 131 042.

Remember that without umpires there is no game, and we ask for your help, even by doing one or two games per round.

We would appreciate our club umpires to be dressed in white, with appropriate footwear.

Alternatively, umpires can wear the club uniform or a tracksuit (in cold weather).

Also, congratulations to Morgan Adshead on gaining her National B umpiring badge at State Netball League this year. Morgan has umpired exceptionally well since the SNL commenced this season and Maxine, FNA's umpiring coordinator, advises that Morgan umpired outstanding games when she was being assessed.
